*Excludes those that have release decisions under the ISRB

This table shows the current prison population that have served 15 years of DOC Confinement (current column) or will reach 15 years in the next 5 years. Removed are those who already have a release review by the ISRB. Serious violations within the past 12 months were not factored in. Please note the offense listed becomes a little squishy when the individual has multiple offenses. Such as the one showing as Burglary 2, which should have a stat max of 10 years. He actually has 3 counts running consecutive. Same with the one with a drug offense that had a weapon enhancement. The Fail to Registers were also consecutive sentences/counts.
